## GOVERNMENT HAS TOO FEW TROOPS FOR NEEDS

Unable to Send Sufficient Aid to Asia Minor; U. S. Boats Sent to Mersina

(By Bysantius Moschpoulos, Staff Correspondent United Press.)

CONSTANTINOPLE, May 5.—Plots hatched by the leaders of the thousands of civil officials who were dismissed by Sultan Rechad when he ascended the throne, were revealed today. The Young Turks' government is doubling military patrols here and elsewhere to prevent a reactionary outbreak. Several of the ringleaders were arrested and will be tried for treason.

The situation is complicated by appeals from Asia Minor for troops, as the troops already there are insufficient to prevent further massacres. If the Sultan should be compelled to send troops to Asia Minor, it will weaken his force at the capital, so, for this reason, he is retaining the troops at home, until after the capture of the most powerful leaders of his enemies.

## UNITED STATES CRUISERS ARE ORDERED TO MERSINA

WASHINGTON, D. C., May 5.—Orders were issued today for the American cruisers North Carolina and Montana, now at Gibraltar, to proceed to Mersina. The cruisers will leave for Asia Minor as soon as they finish coaling.

PARIS, May 5.—Princess Robert De Broglie, formerly Estelle Delores Alexander, of San Francisco, was granted a divorce today on the grounds of desertion and non-support. She was given custody of her only child, and will be paid \$60 monthly. The members of the prince's family are highly pleased, as they considered the marriage an undesirable one. It is understood the prince's father will now reclaim his son whom he disowned after the marriage to Miss Alexander.

## PEACE TALK REVEALS NEW VISION OF WORLD

Substantial Progress Shown by Many Arbitration Treaties Cited; China's Minister Voices Peace

CHICAGO, May 5.—Justice Joseph B. Moore of the Supreme court of Michigan, presided at the early sessions of the National Peace Conference today. The morning session was devoted to brief addresses by delegates. The principal speech was made by Rev. J. L. Tyron, Boston, who said in part:

"The progress of the peace movement is registered by its international congresses. The first of these congresses was held in London in 1843, and was the realization of a suggestion made by Joseph Sturge, a member of the Society of Friends. Other international congresses were held at London in 1850, 1890 and 1908.

"Between the first and the last of these congresses the peace movement has become recognized as the greatest reform of the age. The glowing visions of its apostles, once laughed at or treated with disdainful silence, are now embodied in the law of the world. Arbitration, by treaty agreement, as a rational substitute for war, securing justice through an international court always ready to sit in judgment on controversies, this and two Hague conferences, the last of which brought together all the civilized nations, preparing the way for the future Parliament of Man, is the astounding result of an organized avigation for less than a hundred years."

The address of Henry C. Niles of York, Pa., relating to state peace con-

gresses, was read by A. B. Farquhar. Congressman Bartholdt of Missouri, presided this afternoon, when secretary of the Interior Ballinger, Count Von Bernstorff, the German ambassador, Senor De La Barre, the Mexican ambassador, Dr. Wu Ting Fang, the Chinese minister, and others spoke. Secretary Ballinger closed the session with a message from President Taft. Secretary Ballinger said:

"I am commissioned by the President of the United States to bear to you tidings of good will and encouragement in your praiseworthy efforts for universal peace."

## WU TING FANG PROCLAIMS HIS COUNTRY AS PEACE LOVING

The address of Dr. Wu Ting Fang, Chinese minister to the United States, was opened with the following significant words:

"I am very happy to bring to you today the greetings of the oldest empire in the world, of which I have the honor to be its official representative. Especially proud am I to stand before you this afternoon, because the nation I represent is famed for its love of peace. When it is remembered that China has a population of four hundred millions you will agree with me that its attitude on the subject of war and peace is of some importance to the world at large, and I can assure you that whatever other changes, political, educational and social, may

## STEALS FORTUNE FROM FUND OF WAR

Adjutant General Lavishes Stolen Money on Alleged Dashing Widow

SEATTLE, Wash., May 5.—The Post-Intelligencer this morning prints a story charging Adjutant General Otis Hamilton of the Washington National Guard, with forgeries and manipulations of the military funds of the state, placing the amount of the alleged embezzlement near fifty thousand dollars. Recently an investigation of the books of the military fund has been made with the result that it has been found, so the paper states, that Hamilton stole the amount from the state treasury by means of fraudulent vouchers. This money, it is charged, was squandered on a woman known as Florence Moore, who is also known in Los Angeles as Hazel Moore or Prescott. Hamilton was summoned to Olympia last night by Attorney General Bell, and it is expected the governor will be placed in possession of specific charges against Hamilton today.

Mrs. Moore is a guest at the Hotel Butler Annex here, and says she is the widow of an Alaska mining man. Hamilton is married, but has been separated from his wife since 1907.

Sheriff Waited for Him  
Adjutant General Hamilton was in conference this afternoon with Governor Hay. While conferring with the governor Sheriff Thurston waited outside to take Hamilton into custody on a warrant charging embezzlement.

## TAFT FAVORS BILL AS IT NOW STANDS

Would Give Tariff Measure Fair Trial; Inheritance Tax to be First Addition

WASHINGTON, May 5.—President Taft today told callers that he favored the tariff bill substantially as it now stands. He said he favored giving it a fair trial. If it did not yield enough revenue in its present form, changes could be made.

The first addition he would favor in such an event, would be a graduated inheritance tax law. If that did not suffice, he favored taxing dividends of corporations, with an income tax as a final resort.

Dolliver is Proud of Comparison  
WASHINGTON, May 5.—Charging that Senator Aldrich threatened to disparage him by printing in the Congressional Record an argument which had been made by Senators Jones and Vest several years ago, which are similar to those he is making now, Senator Dolliver of Iowa, resumed his address on the floor of the senate today. Dolliver declared that if it were true that Senator Vest found the same defects then, no greater compliment could be paid himself, for Vest was a great senator.

## COUNTY POOLROOM ORDINANCE COMING

Minors Must Keep Out and Doors Must be Closed on Sundays—Robinson Is Fire Warden

The Board of Supervisors this morning granted the petition of 1159 voters of this county, and an ordinance is to be drawn by District Attorney Davis prohibiting the presence of minors in poolroom, and closing poolrooms on Sundays.

C. M. Melick and Edward Chaffee of Garden Grove, spoke in behalf of the petition. They declared that a poolroom at Garden Grove had become a gambling place, that sharpshooters came from other places and got into games there, that Saturday and Sunday nights were the times most to be complained of.

This ordinance will apply to the districts outside incorporated towns.

## Robinson Elected

W. K. Robinson of Trabuco, was this afternoon elected fire warden to serve four months, beginning June 1, at \$75 a month. The Board of Supervisors passed a resolution ordering that Robinson serve only in Orange county and placing him under the control of H. A. E. Marshall, forest supervisor of the Cleveland National Forest. Robinson was elected on the third ballot. The voting was as follows: First ballot, J. T. Combs 1, S. T. Rutherford 1, W. K. Robinson 2, Joe Davis 1. Second ballot, Combs 1, Robinson 2, Davis 2; third ballot, Robinson 4, Davis 1.

Sheriff Lacy was granted permission to buy cartridges for a rifle to be used by Col. Case, who is laying out a fine in the county jail, in killing pigeons that make their home

about the courthouse and jail. Col. Case and Hawley Miller, who is also laying out a fine, were given credit for good behavior. Sheriff Lacy was granted leave of absence for sixty days, beginning April 24. The sheriff expects to visit the Grand Canyon.

The matter of moving the County hospital indigents from the building at the corner of Fifth and Spurgeon streets to some place in the country was brought before the Board of Supervisors by Dr. Dobson and L. J. Carden as a committee from the Anti-Tuberculosis League. Dr. Dobson stated that it was possible a small tract of land could be leased and places fitted up for the old men to live that would be much more acceptable than the present quarters.

Supervisor Angle said that he was not in favor of leasing land. Supervisor MacMullen stated that the people of the county had voted down hospital and poor farm bonds and he took it as a decided expression against a poor farm, and the leasing of a tract of land would be the beginning of a poor farm.

"We ought to take this matter up and talk it over again," said Angle.

"We have talked and talked, hours at a time," said MacMullen.

There seemed to be nothing left but to talk it over again, and on Supervisor Angle's motion it was decided to refer the petition to move the institution that now stands at the corner of Fifth and Spurgeon streets, to a committee of the whole.

## PATTEN RETURNS TO THE WHEAT PIT

Creates a Furor and Sends Wheat up; Flight Was Pretense to Cause Slump

CHICAGO, May 5.—Returning to the floor of the wheat pit today, after an absence of two weeks, James A. Patten created a furor among the brokers. No panic took place, but the apprehension of the bears was apparent. May wheat opened at 1.28 and went up a point and a half in an hour.

It is said that J. Ogden Armour carried on the "bull" operations for Patten during his absence, and now Patten is ready to renew the fight harder than ever. The traders declare that Patten's flight to escape the reporters and dynamiters was a pretense to cause a slump.

## WOMEN FROM SANTA ANA HONORED TODAY

Women's Parliament Chooses Mrs. John Swanner as Its President

## MRS. ROBERT McFADDEN NAMED AS SECRETARY

Miss Cubbison is Treasurer; Mrs. Ey and Mrs. Smart Are County Officers

Santa Ana was signally honored this morning by the Woman's Parliament, now in session at Los Angeles, that body electing Mrs. John Swanner as its president, Mrs. Robert McFadden as secretary, and Miss Sedalla Cubbison as treasurer.

This is the first time in several years that these important offices have gone away from Los Angeles county, and as the Woman's Parliament is probably the most representative body of women in Southern California, embracing as it does delegates from all women's organizations, the honor received by Orange county is a considerable one. Santa Ana particularly may feel proud as each one of those upon whom the dignity of office has been bestowed, is a representative woman of this city.

As representatives of the county, Mrs. Frank Ey was chosen vice president for Orange county and Mrs. Wm. Smart as corresponding secretary for the county.

The defense failed in an attempt to make Wilson say he was testifying in order to escape prosecution on three indictments pending against him.

EVANGELISTS WERE PINCHED

They Were Nailing up Signs Announcing Revival When Policeman Interfered

Today Examination of Law Would Indicate That They Were't Lawbreakers

Rev. Jones and Rev. Burch, evangelists, were pinched last night. They have traveled all the way from Maine to California and last night's experience was their first with a policeman. They were arrested for posting signs announcing the opening of a revival at the First Methodist church. Today an examination of the city ordi-

nance would tend to show that they were not violating the law, and when they come up before the city recorder's court tomorrow morning without doubt they will be sent on their way rejoicing.

The two preachers have been holding a revival at San Pedro or thereabouts. They arrived here late yesterday evening and prepared to bill the town. They hired a man to prepare their signboards and tack their announcement sheets to the boards. While this was being done the evangelists were attending prayer meeting at the First Methodist church.

After prayer meeting the evangelists got a hammer and some nails and went forth on their mission. At each corner they nailed up a sign with the following wording:

"Jones is coming, so is Burch. Don't fail to hear them. First Methodist church. Two weeks beginning Sunday night."

Policeman J. W. Murray knew there was an ordinance of the city prohibiting posting. When he discovered the evangelists at their work, he decided that a law was being broken, and he put Rev. Jones and Rev. Burch under arrest, and those signs that had been nailed to the poles were taken down and carried to the police headquarters at the city hall.

The policeman called up City Recorder Willson, who said the men should be allowed to go on putting up bill for their appearance.

The evangelists laid down \$20, said they had to go to San Pedro today but would be in court at 10 o'clock tomorrow morning.

This morning in the absence of City Attorney Heathman, who is on a trip to his ranch on the desert, the city recorder and city clerk looked up the law.

There was plenty of law prohibiting bill posting on the public streets but there was also an exception. It was stated in the ordinance that nothing in the ordinance should be construed as prohibiting posting by churches or charitable institutions.

Which, without doubt, lets Rev. Jones and Rev. Burch out. They will get their \$20 back, it would most certainly seem, and furthermore they may nail their signs on every street corner they may find it within their ministerial plans to do. Selah.

PREPARE TO TAKE IN \$6 LICENSE

Marshal and Clerk Getting up List of Real Estate Agents in This City

City Marshal Tdwards and City Clerk Tedford are preparing a list of the real estate agents in Santa Ana and as soon as it is completed they will commence collecting the \$6 a year license from them. This is being done following the instructions of the city trustees Monday night that the old time law on the books fixing the real estate agent's license at \$5 per year be enforced. The action of the trustees in ordering the enforcement of the law has caused much discussion among the real estate men and others.

The real estate men were divided on the subject of license. The original petition, to which the names of several firms were attached, representing from one to four men to a firm, brought forth a second petition objecting to a license. Monday night a third petition, circulated by T. P. Marsh, contained the names of thirty-three business men and taxpayers, who asked that the real estate business be put upon a license basis. This petition was headed by C. W. Channess, J. T. Kinslow, A. N. Zerman, L. P. Hickox and E. P. Brooks. The agents consider the matter settled now, and it is not likely that any effort will be made at this time to knock out the \$6 license or have it increased to \$40 a year, the figure suggested by the original petitioners.

#### Business and War

Editor Register:—The dipatch in last night's Register concerning the peace congress was extremely interesting to at least one of your readers. Mr. Marks, one of the speakers who addressed the congress, perpetrated a little Mephistophelian jokelet which deserves more notice than it is likely to receive from most of those who read it.

He said, speaking of the business interests, "We want peace first because we are men who revolt at the cruel butcheries of war; secondly, our business is bound to be seriously injured by the interruption of the friendly relations of nations."

This is certainly interesting news in view of the fact that every war in the memory of anyone now living was brought on by business men for business reasons. Who caused the Russo-Japanese war but the Russian business men in Manchuria with Alexieff as a tool? Who organized the Jami-son raid and the Transvaal war but Cecil Rhodes and his business associates? Who, through their newspapers, egged on the American people with the cry, "Remember the Maine!" and frantic shrieks about "Cuba Libre!" at a time when peaceful diplomacy was on the point of securing Cuban freedom? How the beef trust and the powder trust and the armor plates trust and the tailor trust were scared for fear the government contracts would "seriously injure" their business! Who caused the Rebellion but the business interests of the South? Who caused the Crimean war but the business interests of Russia on the one hand who wanted Constantinople as a seaport, and the business interests of England on the other hand who were afraid the Russians would get it, thus cutting England's trade route to the East, the straw through which the business men of England were sucking the "goody" out of all southern and eastern Asia? Who stirred up the infamous opium war and forced the opium curse on China but the opium traders of India?

Oh, these tender hearted business men! How they faint at the thought of blood!

In the last analysis, the fundamental cause of every war which history records has been the attempt of some man or group of men to obtain values from someone else without giving equal values in return; in other words, the attempt to get something for nothing.

How can we expect that business will lead to anything but war when practically all business is run on precisely this very same principle. For business is run for profits or the hope of profits. Profit is value received in excess of value given, that is, something for nothing. Bread and clothing and shelter and the comforts of life may be needed desperately by millions, but they cannot be obtained unless someone is given a profit; but give a profit and you can buy everything; food, shelter, clothing, comforts, luxuries, pleasures, the souls of men.

The peace dove might hatch out a whole setting of peace congress eggs every day in the year, but it is folly to imagine that wars will cease until society is reorganized on a basis which will make it impossible for any man to sponge off of another man's toil; a basis which will compel him who would eat to work with brain or brawn and give full value for value received. Then there will be no quarrel about the division of wealth.

The Socialists have a corner on the only set of plans and specifications in existence for such a social structure. Therefore, all who really "revolt at the cruel butcheries of war" and all who object to being suddenly hamburgerized for the benefit of their country's business men, would do well to at least give them a fair chance to explain what they want to do.

### CONSOLIDATION IS PROGRESSING

City Jobbers and San Pedro Chamber of Commerce Meet on Rates

LOS ANGELES, May 5.—After a conference running through nearly three hours a tentative understanding was reached between the committee from the chamber of commerce of San Pedro and members of the executive committee of the Associated Jobbers of Los Angeles with reference to the terminal rates question which apparently is the only obstacle to consolidation of the two municipalities.

The conference resulted in the Associated Jobbers giving written assurance that they would use all proper influence to have terminal rates established for San Pedro.

### DR. BALL TO PRESIDE AT HEALTH ASSOCIATION

Sessions of the important health associations are being held in Long Beach today, the Southern California Health Association and the Southern California Medical Association.

Dr. C. D. Ball presided over the Health Association meetings and Dr. Burham of San Diego leads the Medicos. The sessions of both societies are being held at the Hotel Virginia, opened for the occasion, and the delegates are being entertained by auto rides, a trip through the inner harbor and a banquet to be given this evening. One of the subjects to be considered this evening by the Medical society is the Emmanuel movement.

### ANNUAL ELECTION OF MEDICAL SOCIETY

The Orange County Medical Society held its annual election of officers at the public library last night. The following officers were chosen: President, Dr. Beebe, Anaheim; vice-president, Dr. Violett, Garden Grove; secretary, Dr. Ida Parker, Orange; treasurer, Dr. Gordon, Santa Ana; librarian, Dr. Ball, Santa Ana.

### What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchial tubes, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or alternative stages of these affections, it is often successful in effecting a cure.

The "Favorite Prescription" is advised for the cure of one class of diseases—those requiring weakness, debility, and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as authority in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept of a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

### THIEVES RANSACK CUSTOMS OFFICE

Condition of Offices Indicated Familiarity of the Thieves With the Place

SAN FRANCISCO, May 5.—The customs officials and secret service men are endeavoring to learn the identity of the thieves who ransacked the offices of Deputy Revenue Collector Newton Farley.

Desks and files were opened, papers and documents were scattered, and the leading detectives believe that the thieves sought valuable government papers. Nothing of value is missing. The thieves were familiar with the offices, as the key to a drawer which contained duplicate keys to other drawers, was found in the lock. Everything showed haste, and indicates that the intruders had been frightened off.

Excepting for a little routine business, this meeting of the club was purely a social one, and the hours went all too soon.

### Pleasant Afternoon

The Young Girls' Missionary Society of the First Baptist church, an interesting activity of that church, held its regular monthly meeting yesterday afternoon at the home of Mrs. Horace McPhee, on French street.

Eighteen of the girls were in attendance, and there were present, Mrs. Willett, general superintendent of the younger branch, and Mrs. E. A. Bell, superintendent of the Woman's Missionary societies of the church.

A fine program was enjoyed, the general subject being "Home Life in foreign Lands." Miss Irene Catland presided and the following gave excellent papers: Miss Alberta Black, "Home Life in China;" Miss Arlie Cravath, "Home Life in Japan;" Miss Edna McMurphy, "Home Life in Africa."

a Slump in the Market  
Shipment of Week

FULLERTON, May 4.—On account of a slump in the outside markets, the local price for cabbage has been cut from \$20 to \$10 a ton. At \$10 a ton growers say they can make but little profit. For the week ending last night cabbage shipments from the local district foot twenty-five carloads: California Vegetable Union, seven cars from Fullerton, four from Anaheim, five from Brookhurst and two from Olive; M. M. Cobb, one from Fullerton; Pinkham & McKevitt, one from Fullerton. Orange shipments were: H. F. Dalrymple, five cars; Benchley Fruit Company, one; Placencia Association, seven; C. C. Chapman, five; Thomas Strain, Jr., three; Citrus Union, two. Local shipments are increasing every month. When the railroad first built to Fullerton, a little more than twenty-two years ago, for many months the cash receipts at the Fullerton depot were not more than \$300 or \$400 per month, while today the business averages at least \$30,000 a month.

# An Extraordinary Offer

THE GREATEST EVER MADE BY ANY NEWSPAPER

Three Great National Magazines.

## Absolutely Free

For Old and New Subscribers

**B**USINESS men advertise—frequently they make tremendous sacrifices to attract new customers. We believe in this policy, and practice what we preach by doing something each year to attract new subscribers and to favor our old readers who are entitled to an occasional good thing.

After pending several months in search of a premium, we finally decided we could not offer a better or more useful or attractive premium than a combination of high-class home magazines, and chose "World's Events," "Home Herald" and "Vick's Magazine" on account of their high character and literary quality.

We do not hesitate to say that we regard our offer this year to be the most extraordinary ever offered by any newspaper in this vicinity. We offer these three magazines in connection with a new or renewal subscription to our own paper on such favorable terms that we do not see how it is possible for a single reader not to take advantage of it. We want you to read every word of this announcement. Read the description below of the three magazines. Read the terms of our offer and accept at once.

## World's Events

"THE WORLD'S NEWS AND THE WORLD'S VIEWS"

World's Events is a modern magazine of current thought and action, issued on the first of every month and profusely illustrated. It contains the world's news and the world's views covering every important event of social, scientific, political and educational character. The latest discoveries in science and invention, commerce and industry are noted in its pages, illustrated and discussed. The larger features of the month are treated in feature articles by experts, while the smaller happenings are condensed and classified and presented in an interesting and telling manner. Side-lights on celebrities, the current stories and anecdotes of the great and near great, are scattered through its pages in a way that makes these characters real and interesting to the general reader. Those who wish to know the trend of world history and world thought without reading hundreds of papers may do so easily through the assistance of this magnificent publication. It contains the best thought of the day on the problems of the age.

World's Events is absolutely spotless on every page and will not accept any of the undesirable advertising which makes most of the current magazines objectionable for family reading. It is the ideal monthly for the home. It has 36 pages with cover in colors.

## Home Herald Vick's Magazine

"A PAPER WITH A PURPOSE"

"A PERIODICAL OF PROGRESS"

The Home Herald is an independent family weekly of twenty pages, fully illustrated. It is one of the most reliable, popular and influential publications in existence. It has an enormous circulation all over the world and it has probably a larger percentage of subscribers who renew their subscriptions year after year than any other weekly journal.

The beautiful covers in colors are prepared by well known artists. Its fearless editorial treatment of current events and its feature articles by men prominent in public life make the Home Herald indispensable to those who desire to keep in touch with public opinion affecting great issues and problems in the home.

Among some of the well known contributors in recent numbers have been Wm. Howard Taft, William Jennings Bryan, James S. Sherman, Governor Hanly of Indiana, Governor Folk of Missouri, Dr. J. B. Hadden, John B. Alcorn, Charles M. Sheldon, Booker T. Washington, John V. Farwell, Bishop Samuel Fallows, G. Campbell Morgan, J. H. Havemeyer, President Blanchard and Dr. A. C. Dixon.

Judge McKenzie Cleland who has been a subscriber for fifteen years has recently said:

"Of all the papers that come to my house, the Home Herald is one of the brightest and best and most highly prized. My children are always eager for it and we all like it and feel that we could not do without it. I enjoy a paper that dares to be original, independent and fearless."

Vick's Magazine, founded in 1878 by the eminent pioneer seedman and philanthropist, James Vick, has ever been the leader among the publications of its class. It is essentially a home magazine and maintains that direct personal interest in its subscribers, in the same way that its founder did over thirty years ago.

Vick's Magazine is distinctively a "Booster Magazine," boosting every good thing worth boosting. Therefore, the chief aim of Vick's is to show how the graces of human nature may best be cultivated by giving in cheery and breezy narrative, story or verse, interesting exhibits of good things that may be done in the cultivation of a light heart and a happy good nature.

Vick's Magazine has some very special numbers coming, among them, "The Enjoyable Farm Home," "The Orchard Bountiful," "The Home Garden," "The Country Beautiful," etc. All this matter by the most renowned writers in the United States.

Vick's Magazine has a real, positive and practical value to its subscribers. Through its many departments, in charge of a corps of capable editors, it reaches every interest of the home. Notice the following interesting departments: Floral, Garden, Household, Clever Ways of Doing Things, Fashions Dressmaking, Fancy Work, Home Building, Question Box, Poultry, etc. Vick's Covers are in two colors, 36 pages, printed in good stock.

## The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach.

While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain.

The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods."

The man with a sick stomach, is a man sick all over. When the stomach is irritated by indigestible food, the blood and heart are directly affected. Then dizziness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these.

Spurring the stomach and brain

to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means.

Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."

### Our Guarantee

#### LOS ANGELES PRODUCE MARKET

The market has just about cleaned up on pineapples and dealers who have a few left are selling them from 10 to 12 cents a pound. It is scarcely likely that there will be any more shipments in this season. Strawberries were plentiful as usual. The market was unchanged in values. The most choice fruit were long stemmed Klondikes and the A berries. Both of these brought 5 cents. Cherries are coming in rapidly and the price in three days has dropped from \$3.50 to \$1.50 per ten-pound box. There are already two varieties, the black and white. Logans are very plentiful and do not sell very fast. Blackberries are beginning to show better quality, and the market on them is firm at 7 cents a basket. Two cars of strawberries were shipped yesterday morning, one to Seattle and one to San Francisco. Apples moved fairly well and are cleaning up slowly but surely. The market on citrus fruit is weak on second-class stock. There are a large number of wagons loaded with orchard culls on the open market every morning, and this fruit is sold very low.

With receipts of 1008 cases of local case count eggs, the market on them declined 1/2 cent—for the day at least. The market on eggs is not weak by any means and is merely down for a day with the heavy arrivals. In the East, fresh eggs are selling at 21 cents a dozen, the highest they have ever been at this season of the year. Landed in Los Angeles they are worth about \$7.45 a case.

Butter arrivals were 24,204 pounds, among the very heavy receipts of the past few days. The surplus, as usual, was placed in storage and the price was unchanged.

With the good receipts of Northern fresh cheese in the past week, price on the same declined to 17 cents, a break of 1/2 cent. There were no further changes in cheese and sales were normal. Receipts were 8347 pounds.

The price of Oregon potatoes advanced 25 cents a hundred on account of short arrivals of that particular variety. Receipts of potatoes totaled nine cars. There were some heavy sales, one car of Highlands selling at \$2.25, while a car of choice Oregon brought \$2.85. Bermuda onions continue on the toboggan, and the price on both Texas and Coachella was reduced yesterday to \$1.15.

White wax came down as low as \$1.25. A car and a half was received yesterday.

Beans are still advancing. A decided increase in the price of several varieties was made yesterday. Small whites went to \$3.85, Lady Washingtons to \$5.25, and small whites to \$6.25 on the best grades. The demand for beans has been good despite the high prices, and the supply is limited. Yesterday a car of beans arrived from Ventura county.

Vegetables were in fair call. Asparagus, although not very plentiful any more, does not advance on account of the smallness of the demand. Good green grass is worth only about 6 cents. Green beans have come down to 10 cents a pound. Cabbage is worth \$1 a sack, while lettuce was so plentiful that it sold as low as 30 cents a crate.

## WINERY MAN FINED \$225

Meuliot Pleaded Guilty to the Charge of Selling Liquor to a Minor

The sum of \$225 was paid to the justice of the peace at Buena Park this morning by Baptiste Meuliot, after Meuliot had pleaded guilty to a charge of selling liquor to a minor.

Meuliot, it is charged, has been selling liquor freely from a winery at Moody station, on the Pacific Electric, near the county line. Complaint was made to the District Attorney's office that Meuliot was violating the county prohibition law and that he also was violating the state law prohibiting the sale of liquors to minors. Last week evidence against Meuliot

was collected and a complaint was sworn to charging him with a sale to a child. Constable Jackson yesterday arrested Meuliot and carried him before the Buena Park township court.

After thinking the matter over for a night, the winery man came in this morning and pleaded guilty. Justice of the Peace Hasson imposed a fine of \$225, which Meuliot paid.

## HALF INTEREST IS MARTIN'S

Decision in Property Contest Between Couple Once Husband and Wife

It took Judge West less than no time at all to render a decision in the case of George Martin against Ella L. Martin, and the decision was in favor of Martin. Judgment was entered in the case yesterday afternoon.

Martin and the defendant were married on 1895. In 1903 Mrs. Martin secured a divorce. No property rights were settled at that time. Recently Martin brought suit for a half interest in the property, consisting of forty acres at Garden Grove, worth \$7000. Martin claimed the property was community property. Mrs. Martin contended that it was all hers. During the course of the trial Mrs. Martin testified that for several years she carried a sum of \$1600 in a belt. Williams & Ruten appeared for Martin and H. C. Head for Mrs. Martin.

SAN DIEGO, May 5.—Following the storm of protests raised because the new councilmen chose by majority vote the long and short term members, instead of by drawing lots, as provided in the new charter, the councilmen yesterday rescinded their action of yesterday and drew lots, the four-year terms going to Dodson, Sehon and Woolman.

## PEACE TALK REVEALS NEW VISION OF WORLD

(Continued from Page 1.)

take place in my country, her traditional policy of settling disputes by discussion and amicable means will not be departed from. China has no schemes of self-aggrandizement at the expense of others,—so often the cause and pretext of bellicose action. Even in her days of past conservatism and seclusion from the nations of the west, her only desire was to be left alone and be permitted to enjoy peace. Her motto has been and is, 'Live and let live.'

"It is not, however, that the Chinese are afraid to fight. When compelled by necessity they make a good record for themselves. It is their disposition, their education which has made them peace loving people.

"If general disarmament should be proposed, you will not find China inclined to accept it. I am aware that upon this subject there is a difference of views. We have yet to learn and to educate public opinion for the cause of peace. Many inventions and discoveries have been made in the last several centuries which have contributed to the welfare of mankind. But what greater good work can there be, I venture to ask, than that of interesting people in the cause of universal peace and leading them to see the folly and brutality of slaughtering one another by fearful machines, which is the object of this Peace Society?"

One thing must always make us mad, and no one cares his wrath to mask

Toward the silly people who when you're shaving come and ask—"What are you doing? Shaving, eh?" "Oh, no," you say, in scornful tones;

"I'm merely eating fish today; you see me picking out the bones."

And when you're watering the street they came and say, "What doing, Sam?"

And you reply (but wish you might use one small word that rhymes with "ham").

"I'm merely making peach ice cream," whereat they look at you in fear

As one gone mad—menace to all those who must be living near.

## Great Work

"What was the best job you ever did?" inquired the first barber.

"I once shaved a man," replied the second barber.

"Go on."

"Then I persuaded him to have a haircut, shampoo, facial massage, singe, seafoam, electric buzz, tar spray and tonic rub."

"What then?"

"By that time he needed another shave."

## JUVENILE COURT WORK DISCUSSION

Judge Wilbur Talks Wisely to Probation Officers Who Met in City

In connection with the Woman's Parliament, now in session in Los Angeles, yesterday afternoon members of the various probation committees met in that city with different county officials to consider the benefits to be derived from close co-operation along this line between the counties.

Those from here were Judge West, Rev. Scott and Mrs. W. M. Smart. Judge Wilbur made an excellent talk on matters of common interest in connection with the new juvenile court law. He said in regard to expense:

"We in Los Angeles county have never been turned down by the supervisors in anything we thought we needed for the detention home. If you need money do not hesitate to ask for it, though, of course, you should be careful of extravagance. You do not need to run a boarding home for all children whose parents are hard up, but remember that if the judge of the Superior court does not issue an order for the money to care for a dependent child, the money will, in the end, come out of the state fund for orphans or half orphans or maintenance at some institution.

"Indeed," continued he, "I hope the time will speedily come when no money from public funds will be paid out for the maintenance of a child, except by order of the judge, and for a limited period."

The need of a detention home in each county was emphasized, as one-half of the criminals of the land are said to be under 21 years of age, and under the new law, no youth under the age of 18 can be put in jail or prison before being convicted of crime.
